Making Communities Stronger: Program Partnerships for Greater Impact

For nearly 100 years, Neighborhood Alliance has been compassionately caring for the most vulnerable in our community. We serve children and families, seniors, and individuals experiencing or at risk of homelessness.

How does Partnership differ from Sponsorship?

Good question. Where event sponsorships focus on benefits like event tickets and advertising, Program Partnerships focus on providing critical operating funds to ensure these programs can continue and thrive while providing you with incredible value.

Naming rights are available annually for programs at higher levels. *Exclusivity may be available upon request.*

Every partnership is a win-win. We are happy to get creative when it comes to your benefits. Want an opportunity to speak to our clients? Let's talk. Want to co-host a financial literacy training course with us, let's make it happen! Tie your brand to our amazing, life-changing programs.

Your partnership can make a profound impact. Explore our opportunities and choose the one that resonates with your commitment to positive change.

Why Neighborhood Alliance?

- The Haven Center is the only emergency mass shelter for families in Lorain County. There are only four (4) family rooms in Lorain County, and they are all at Neighborhood Alliance. In 2022 we hosted 344 Adults and 62 children.
- For Children and Families, we are the only contracted provider of Early Intervention Service Coordination and Evaluation services in Lorain County. We are currently serving almost 600 children.
- For Seniors, we deliver 2,500 meals to more than 600 seniors every week, in every community in Lorain County except one. There are currently 300 seniors on our Waitlist for home delivered meals.
- Altogether, in our *Neighborhood Nutrition Kitchen* we prepare, cook, and serve nearly 7,000 meals every week for seniors, shelter residents, children in our care and families in our programs. That's more than 360,000 meals annually!

Four Program Areas

Crisis and Emergency Services

Support of our Crisis and Emergency Services program means providing vital assistance to individuals and families without homes. Your support will provide case planning, employment assistance, and ultimately empower our clients to transition into independent housing. Your partnership also aids in preventing families from needing emergency shelter by helping them find alternative housing solutions with our *Family Promise program*. These services also include homeless outreach and *LC4Ukraine*, specialized case management for incoming Ukrainian refugees.
